VOLUME 41 — HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JUNE 21, 1946 — NUMBER 33

Interest Mounts in Politics as Ballot for County Completed

Hamlin Area Row Crops Take Drink

OFFICIAL GAUGING OF TUESDAY NIGHT FALL REVEALS 1.22 INCHES PRECIPITATION

Hamlin area row crops got that drink Tuesday night and Wednesday morning they had been waiting for when rainfall of 1.22 inches was registered at the city water works in Hamlin, according to W. C. Rountree, water superintendent.

Tuesday night's rain was the first this section had received during June and brought the year's total to 5.79 inches of moisture—several inches below normal for the year.

The rainfall brought area producers out of their doldrums, caused by hot dry winds that were beginning to damage cotton and head grains considerably.

Young cotton and headed grains are up in practically all portions of the Hamlin section, and range from tiny sprouts to plants six and eight inches in height. The rains should give the young plants a long boost toward good production.

Good crops of corn are evident in many areas of the Hamlin sector. Stands are good, and plants are from two to four feet high. In spite of the hot winds of the past several days, the corn has stood up remarkably well. Root stocks are sufficiently developed that the plants had been nurtured by moisture pulled from deep in the ground, deposited there by early May rains.

Row crop producers have taken advantage of the pretty weather of the past three weeks to clean out their field with tractor and horse-drawn equipment. Hoe hands are busy in many fields picking up stray weeds and grubbing stubborn grass.

Practically all wheat and oats have been harvested by area producers. In many cases the stubble land has already been turned under so that maximum soil building can be obtained from the grain stalks.

College Team Will Play Independents Saturday

Abilene White Elephants will furnish competition for the Hamlin Independents baseball team at the city ball park Saturday afternoon, it was announced Wednesday. Game time will be 3:00 o'clock.

The Independents and a tough nine of Stamford players called it quits Sunday afternoon after 11 innings of nip-and-tuck baseball at Stamford. Score was 1 to 1.

Voting Strength May Reach High of 6,000

Election officials this week predicted a probable voting strength of 6,000 in Jones County this year—which would be an all-time high—if eligible voters go out to the polls July 27 at capacity. Average voting in the county in the past has been from 4,800 to 5,000.

With voting by ex-service men who are not required to have poll tax receipts this year, and unusual interest in county, district and state races, the record vote is not considered unlikely.

ITS GOOD ETIQUET

In view of the critical food shortage of the world today, it's good form to:

1.—Clean your plate.
2.—Tilt the bowl.
3.—Set traps for scraps.
4.—Pick the bones.
5.—Blend left-overs in soup.
6.—Discard no crusts.
7.—Squeeze the grapefruit.
8.—Tighten your belt.
9.—Act like Jack Spratt.
10.—Refuse snacks.

Think of the starving people of the rest of the world—then practice these rules even in times of plenty. Don't waste!

LEADERS IN CHURCH OF CHRIST MEETING

Bro. J. T. Marlin of Shawnee, Oklahoma, left, and Bro. Ross O. Spears of Dyersburg, Tennessee, will do the preaching and song directing in the 10-day series of evangelistic services beginning this (Friday) evening at the Hamlin Church of Christ. Services are slated at 7:00 a. m. and 8:00 p. m. each day, church leaders state. The public in invited to attend all the meetings.

MARLIN, SPEARS TO LEAD IN MEETING AT CHURCH OF CHRIST

In a series of gospel meetings beginning this (Friday) evening at 7:30 o'clock at the Hamlin Church of Christ, Bro. J. T. Marlin of Shawnee, Oklahoma, will do the preaching and Bro. Ross O. Spears of Dyersburg, Tennessee, will direct the singing, according to announcement made by church leaders this week.

Services will be conducted at 7:00 o'clock in the mornings to permit business people to attend the services before store hours. A song rally of 30 minutes will be conducted each evening by Director Spears preceding preaching by Evangelist Marlin. The Series of services will continue through Sunday, June 30.

Bro. Marlin is prominent in the Church of Christ in this area, having appearing in revival meetings in this section for several years.

Bro. Spears, widely known song instructor and director, is a talented musician and singer.

Church leaders urge people of the entire community to attend all the services.

Revival Opens Thursday At Church of Nazarene

Services were slated to get underway Thursday evening at the Hamlin Church of the Nazazene in a 10-day revival meeting, according to Pastor J. T. Crawford. The meeting will continue through Sunday, June 30.

Jack and Ruby Carter of Bethany, Oklahoma, outstanding evangelists and musicians of the denomination, are doing the preaching and leading in a musical program of merit.

People of Hamlin community are invited to participate in the series of meetings, Rev. Crawford states, gatherings for which are being held at 10:00 a. m. and 8:00 p. m.

NO HIGHER PRICES SEEN HERE IN CAFES WHEN OPA LETS UP

Although the Office of Price Administration opened the way last week-end for higher restaurant prices, apparently no immediate increase in prices had been reflected in Hamlin cafe prices this week.

OPA followed only in part a recommendation of the senate banking committee, which voted at Washington last week to wipe out ceilings on meals made up of foods on which there are no price controls.

OPA issued an order which simply allows new menu prices to reflect the full amount of any higher costs stemming from the removal of price ceilings on food items.

OPA officials said the new regulation means the cost of dining out will go up sharply if ceilings are stripped from meat, poultry, eggs and dairy products. The senate committee has recommended removal of these controls July 1.

Fourteen Additions for Methodists in Revival

Fourteen additions to the church membership were reported as result of the 10-day revival crusade at the First Methodist Church, according to Rev. E. L. Yeats, pastor.

Good attendance at practically all the services is reported by Pastor Yeats. Leading in the crusade was R. J. Reynolds of Dallas, evangelist and singer.

Final Payment on State Per Capita Paid Schools

Check for $2,823 from the State Department of Education was received this week by Hamlin Schools as the final per capita apportionment on the regular $30 allotment for the 1945-46 term, according to Superintendent of Schools I. R. Huchingson.

BRICK WORK MAY START NEXT WEEK ON NEW SCHOOL

All footings on the east front of the new $125,000 elementary school building in Northwest Hamlin were run last week-end, according to representatives of T. E. Shelburne & Son, contractors, and all beams for the super structure were scheduled to be run by middle of the week. The piers and beams had been held up for several days awaiting arrival of steel reinforcing materials.

With seasoning of the beams, laying of brick on the front part of the new school may be started by next week-end, school officials stated this week.

All lumber from the old building that was razed on the site has been removed and cleaned. Huge stacks of lumber remind passers-by of a regular lumber yard.

About 30 workmen, includng numbers of boys, were busy cleaning the salvaged brick from the old building. The brick will be utilized in the new building, which will be stuccoed over for outside and inside finishes.

Contracts for steel window sashes and for asphalt tile flooring were let by school authorities this week.

Billy Joe Ball Returns From Service in Navy

Billy Joe Ball, son of Santa Fe Agent and Mrs. C. E. Ball, returned last week after two years of duty in the U. S. Navy. He received his discharge from the U. S. Naval Personnel Separation Center at Norman, Oklahoma, on June 2.

With rank of electronics technician's mate second class, Billy Joe served for 12 months in the Pacific area, being stationed at Guam.

Young Ball left Monday for Austin, where he plans to enroll in the University of Texas, where he was a student before going into the service. As a junior he expects to major in mathematics and minor in physics.

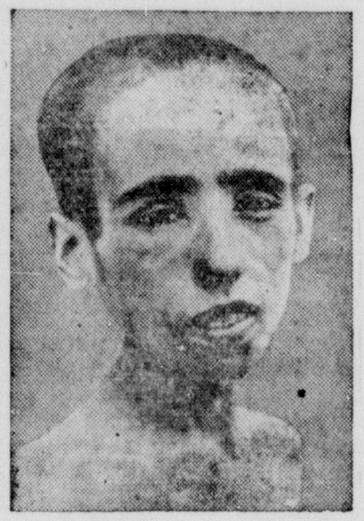

Bryson Evangelist Leads In Revival at Flat Top

Summer revival meeting is scheduled to begin June 28 at the Flat Top church, north of Hamlin, according to Arthur Richardson, deacon in the Flat Top Baptist Church.

Rev. and Mrs. J. B. Herndon of Bryson will lead in the series of services that will continue through Sunday, July 7. Meetings are to be held each evening at 8:30 o'clock.

Waunell Choate of Graham, former resident of this area, will be pianist during the meeting.

WAR TO STARVATION

Can you refuse to help this Greek boy who survived the war only to face the despair of starvation? Unless food arrives immediately, he and millions like him in famine stricken countries will starve to death. Help them by giving money or food canned in tin to the Emergency Food Collection on behalf of UNRRA.

JIMMY KIDD LOSES FOOT UNDER TRAIN DURING SWITCHING

Jimmy Kidd, 18-year-old son of W. C. Kidd of Hamlin, member of a Santa Fe train crew operating out of Hamlin, lost a foot under a Santa Fe fright train last Wednesday afternoon at Medicine Mound, five miles south of Chillicothe, when the member was crushed under the wheels of a freight car during switching operations. Jimmy was between freight cars doing uncoupling work when the train started and caught his foot under a wheel.

Rushed to a Quanah hospital, the foot was so badly mangled that amputation was necessary. The foot was taken off three inches above the ankle in the operation. Jimmy was resting very well this week, according to his father, who was in Quanah first of the week with his son.

Lonny Kidd, brother of Jimmy, last month sustaine da broken leg at Chillicothe when he fell from a freight car.

Father of the boys, a long-time Hamlin resident, was a railroad brakeman and conductor for 39 years, having retired last year.

Speed Increases Value.

"Any machine or procedure that will enable cotton to be harvested early will materially increase the value of the crop."—Dr. J. E. Adams, Delta Station, Stoneville, Mississippi.

TWO CANDIDATES FILE NAMES LAST WEEK FOR PLACES

Hamlin area voters this week were preparing to get down to "brass tacks" in politics, as deadline for filing of new candidates' names for inclusion on the July 29 primary ballot for county offices expired Saturday.

Two new candidates entered the running last week just prior oo the filing deadline. O. J. Ball had his name placed in the sheriff candidate column, and Roy C. Brown filed for commissioner of Prtcinct No. 1.

Deadline for filing names for the state offices ticket expired 10 days ago. The largest number of candidates ever to offer for state and district offices are seeking the 13 nominations.

Interest is mounting in the county and precinct offices. The county ticket is not as large as in many previous years. No opposition for three county offices marked the county races, while several precincts have candidates running without any opponents.

District offices also featured two races without opposition. District attorney and state representative races have only one candidate each.

But in the congressional race there is another story. Seeking the seat being vacated by Congressman Sam Russell of Stephenville are eight candidates--seven men and a woman.

Following is the list of candidates that will appear on the primary ticket:

For Justice of the Peace, Precinct No. 2: G. J. Bates.

For Commissioner, Precinct No. 1: G. R. Riddle and Roy C. Brown.

For Commissioner, Precinct No. 2: J. E. Massey, Raymond F. Plumlee and J. C. Register.

For Commissioner, Precinct No. 3: Arden Beasley.

For Commissioner, Precinct No. 4: F. J. McDonald Jr., Earl Scott and A. C. Sosebee.

For County Tax Assessor-Collector: Weaver Baucum, Elzy Bennett and W. K. Horn.

For County Superintendent of Schools: B. T. Beaver.

For County Attorney: George P. Hudson.

For County Clerk: Mrs. Oma Spraberry and H. O. Rowland.

For County Treasurer: Gene Spurgin Jr. and C. J. Armstrong.

For County Sheriff: Bill Dunwody, Mose M. Jones and O. J. Ball.

For County Judge: Joel V. Grimes, Roger Q. Garrett Jr. and W. H. Eyssen Jr.

For District Clerk: Leon Thurman.

For District Attorney: Esco Walter.

For State Representative: J. D. Pickens.

For Congressman, 17th Congressional District: Ted Miles, William W. Blanton, Robert R. Herring, R. M. Wagstaff, Omar Burleson, Gib Sandefer, Bryan Bradbury and Nina J. Headrick.

Total of 56 candidates for state offices had filed with Harry Seay, chairman of the state Democratic

See ELECTION BALLOT—Page 5

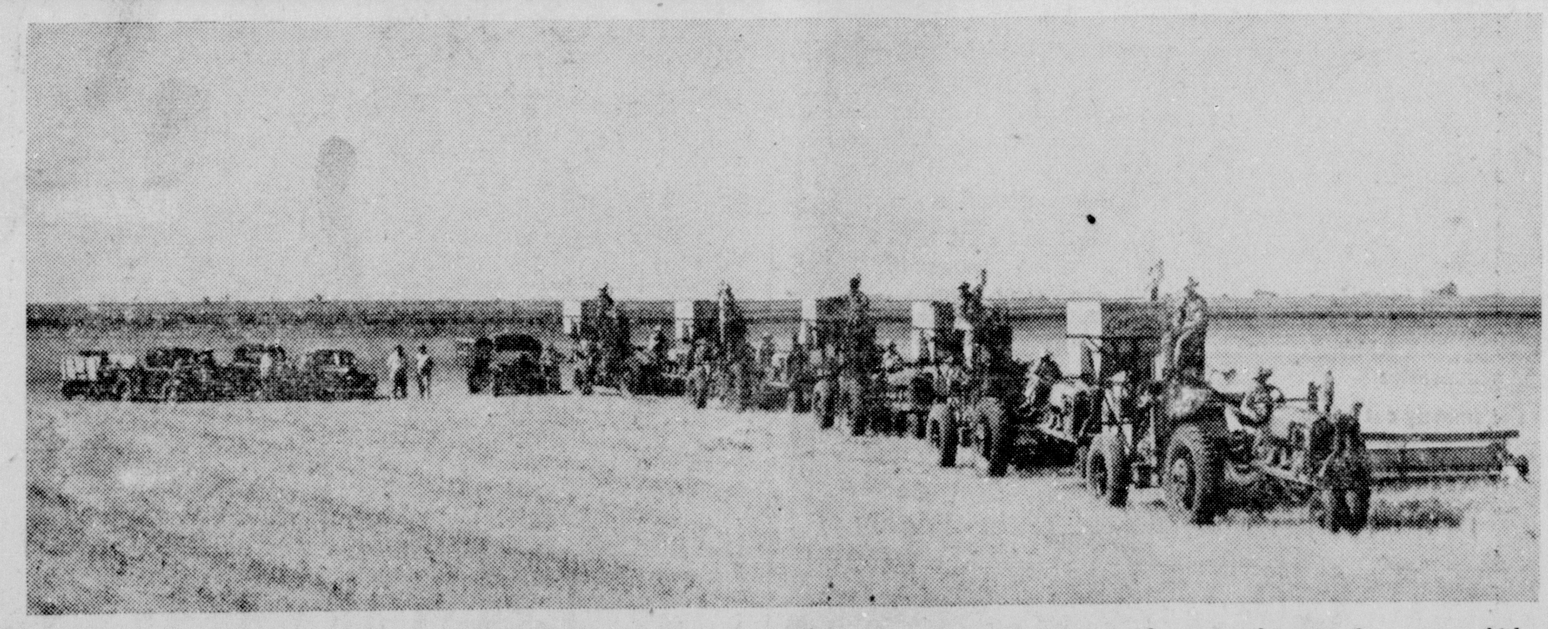

Turning in of Hospital Memberships Solicited

Solicitors for memberships in the Hamlin Memorial Hospital Association are being urged this week by hospital officials to turn in their membership names at once so that a check-off can be made.

Several groups, including members of the Hamlin Rotary Club and Lions Club, have been soliciting memberships.

Plans for the hospital are moving along nicely, hospital leaders state, and contract will be awarded within a short time, they state.

Harvesting Scene on Wheat Growing Section Few Miles North of Hamlin

No, this picture was not made at some far-distant wheat raising country—but right here in the Hamlin terrritory. Shown above is a wheat harvesting scene on the old Hill place north of Hamlin where Joe L. Culbertson and Bill Matchett harvested 4,000 acres of wheat that averaged from 12 to 16 bushels per acre, a good yield for this year's drouth plagued crop. The five combines in the scene could harvest about 250 acres of wheat per day, declared Culbertson when he submitted the picture.

WOMEN IN THE NEWS

Lydia O'Neal and Rex R. Jones Married

At 9:00 o'clock p. m. Sunday Lydia O'Neal, daughter of Mr. and Mrs. John O'Neal, and Rex. R. Jones, son of Mr. and Mrs. R. M. Jones of Hamlin, were married in the home of Minister and Mrs. O. B. Practor in Abilene ,with Minister Proctor reading the single ring ceremony. Attendants for the couple were Aviation Chief Metalsmith B. Payne and Mrs. B. Payne.

The bride wore a navy blue sheer alpaca street dress trimmed in white lace. At the neckline a bow fashioned of lace was caught and held by a pearl sweetheart pin. Her accessories were in brown and white. Pink sweetheart roses were fashioned into her shoulder corsage. For "something borrowed" she wore pearl cluster earscrews belonging to Bonnie LeRhe Black.

Her attendant wore a navy blue street dress with black plastic accessories. Her corsage was of deep pink carnations.

The couple left immediately on a wedding trip to San Diego, Los Angeles, San Francisco and other points in California.

J. W. Bevels Observe Sixtieth Anniversary

Sixty years of married life were being recounted Sunday by Mr. and Mrs. J. W. Bevels, who live out on Route 1. The couple have been resident of the Hamlin community for 23 years.

A big dinner was served at the family home Sunday at noon when seven of the eight children attended the sixtieth wedding anniversary with their families. The other child, who lives in Dallas, was unable to attend.

Relatives at the dinner included Mr. and Mrs. Roland Childs and Arthur Lee of Waxahachie, Mrs. J. B. Bryson and Billie of Waxahachie, Mr. and Mrs. Cecil Chiles of Waxahachie, Mr. and Mrs. J. W. Bevels Jr. and children of Sweetwater, Mr. and Mrs. Willie Maberry and Derwin of McCaulley, Mrs. O. R. Shelton and daughter, Bebe, of Hamlin, Jeanette Bevels of Hamlin, Mr. and Mrs. R. E. Bevels of Hamlin, C. L. Bevels and son, Harrell, of Abilene, Mr. and Mrs. Ralph Brown and daughter, Barbara Ann, of Borger.

Friends who called in the afternoon to extend congratulations to the popular Hamlin couple were Mr. and Mrs. J. A. Edwards, Mr. and Mrs. T. N. Hemphill, Mr. and Mrs. W. A. Albritton, Mr. and Mrs. E. F. Fairey, Bowen Pope and Mrs Ida Joiner.

Frowning raises muscle tone and puts the body under tension and strain.

On the average, women outlive men.

Witt Cabin Scene of Family Get-Together

The past week-end proved to be a happy one for the I. R. Witt family when Mrs. Witt's four brothers and father were reunited for the first time in four years. The get-together was enjoyed at the Witts' cabin at Moore Lake, west of Hamlin.

Present were Mr. and Mrs. Clyde Dean of Brownwood, Mr. and Mrs. Burt Dean and children of Lubbock, Mr. and Mrs. Ivy Dean of San Angelo, Mr. and Mrs. Oran A. Dean and A. J. Dean of Anson, Mr. and Mrs. Gene Witt and Mr. and Mrs. Dean Witt of Hamlin.

Pauline Harrell Honored At Saturday Coffee

Honoring Pauline Harrell, bride-elect of John Wood of Philadelphia, Mmes. John D. Ferguson, Ernest Jenkins and James E. Simmons entertained with a coffee Saturday in the homemaking department of Hamlin High School.

July 3 has been set for the wedding, which is to take place in the First Methodist Church at Tulia, where the bride's father, Rev. James E. Harrell, is pastor, and he will perform the ceremony.

Entertaining rooms at the school were decorated with shasta daisies and gladiolii, and the dining table was laid with a cut-work cloth and centered with daisies.

Members of the house party were; Mmes. T. H. Kent and Willis Blewett of Sweetwater, J. P. Morgan, L. C. Bond, Delma Shelburne, Holly Toler and the bride's mother.

Cotton Fabrics in Fashion Spotlight

Ginghams and chambrays — those ever-favored cottons—will hold the fashion spotlight again during the 1946 summer season, the National Cotton Council reports.

Ginghams are going to be favorites this summer for town wear as well as for sports and country. Some of the season's smartest evening dresses for the younger set are made up in brilliant plaid ginghams which have the proper touch of gaiety for summer dancing at the country club. Solid colors are popular for day-time wear in clear and bright shades of sun yellow, lime and turquoise.

In the town style cotton chambrays, soft detail is demanded but frills are considered undesirable. Shirring and gathers at waist and shoulder are popular, and turtle necklines and Peter Pan collars are creating lively new interest in chambrays in fashionable shops.

McCrarys to Leave July 11.

It was erroneously stated in last week's issue of The Herald that Dr. J. W. McCrary and family would leave June 11 for the Lions International Convention at Philadelphia, Pennsylvania. It should have been July 11.

Woolf Family Meets First in Three Years

A family reunion was held in the home of Mr. and Mrs. W. H. Woolf last Thursday when members of the family were together for the first time in three years and five months.

Present for the reuniting were Morris F. Woolf, who was discharged from the Navy June 11; Floyd C. Woolf and family; Lewis Woolf of Celotex; and Douglas, Waylon and Anthony Wolf. Others present were Mrs. M. E. Messick and Sidney Taylor.

Morris had served 19 months in the Pacific theater of operations, having been in the service 22 months. Floyd was in the service 35 months, spending 29 months in the European theater. Preston, who served for 36 months, spent 31 months in the Pacific theater.

Mr. Woolf has been employed by the Santa Fe Railway for 17 years.

Insanity seldom develops in persons under 15 years of age.

SCHEDULE OF FIRST HALF OF SOFTBALL LEAGUE RELEASED

Complete schedule of games for the first half of the Hamlin Softball League playing was announced this week by officials of the Hamlin Junior Chamber of Commerce, sponsoring organization. Play in the league was begun Monday evening at the city ball park.

In the schedule below the first game on each date is scheduled to begin at 7:00 o'clock and the second game at 9:00 o'clock:

Monday, June 17—Fire Boys vs. Veterans of Foreign Wars; McCaulley vs. Radium.

Tuesday, June 18 — Jaycees vs. Yellowjackets; Oilers vs. Celotex.

Thursday, June 20—VFW vs. Yellowjackets; Radium vs. Flat Top.

Friday, June 21—Jaycees vs. Fire Boys; Oilers vs. McCaulley.

Monday, June 24—Flat Top vs. Celotex; Oilers vs. Yellowjackets.

Tuesday, June 25—VFW vs. McCaulley; Jaycees vs. Radium.

Thursday, June 27—Fire Boys vs. Flat Top; Celotex vs. McCaulley.

Friday, June 28—Fire Boys vs. Radium; VFW vs. Jaycees.

Monday, July 1—Yellowjackets vs. Celotex; Oilers vs. Flat Top.

Tuesday, July 2—Fire Boys vs. McCaulley; VFW vs. Radium.

Thursday, July 4—Jaycees vs. Celotex; Yellowjackets vs. Flat Top.

Friday, July 5 — Oilers vs. Fire Boys; VFW vs. Celotex.

Monday, July 8—Oilers vs. VFW; McCaulley vs. Yellowjackets.

Tuesday, July 9—Jaycees vs. Flat Top Oilers vs. Radium.

Thursday, July 11—Fire Boys vs. Yellowjackets; VFW vs. Flat Top.

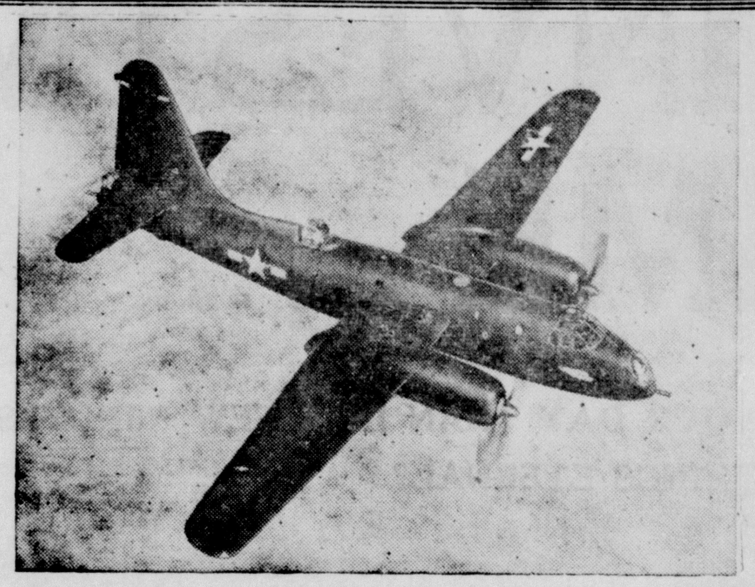

Friday, July 21—Radium vs. Celotex; McCaulley vs. Jaycees.

Monday, July 15—Oilers vs. Jaycees; McCaulley vs. Flat Top.

Tuesday, July 16 — Celotex vs. Fire Boys; Radium vs. Yellowjackets.

The trouble with some fellows is that every time they take a drink they feel like a new man—and then the new man wants a drink.

TWAIN MEETS IN RECORD BREAKING TIME

A new east-west speed record was set by this Navy Neptune patrol bomber the other day, a two-motored Lockheed P2V, when it sat down at Burbank, Field, California, nine hours 23 minutes and two seconds after its take-off from Floyd Bennett Field, New York. This sliced 39 minutes off the previous best speed, despite poor flying conditions that forced the plane 150 miles off course. The Neptune was piloted by Commander Thomas D. Davies of Chevy Chase, Maryland, and carried three naval crewmen and two civilian pasengers.

Hamlin Boys Return Thursday from Week At State Government

Doyle Dean, Brad Rowland Jr. and Joe Clements were scheduled to return to their homes in Hamlin Thursday after participating in the annual Boys' State ceremonies at Austin that were concluded Wednesday.

Victors in recent elections were the Longhorn party and the city of Port Arthur. Thomas A. Thomas was installed as governor and Stuart Scott was made lieutenant governor. Both boys are of Port Arthur.

Jim West of Stamford was named commissioner of agriculture as West Texas' only representative in major state offices.

Expenses of the Hamlin boys to the supervised demonstration in state government were paid by the Hamlin post of the American Legion, sponsoring organization, the Hamlin Rotary Club and Hamlin Lions Club.

Lint Laminates May Help to Solve Lumber Shortage Over Country

Further utilization of the cotton crop from Hamlin and other areas in the Cotton Belt looms—to further augment the arguments that farmers need not worry about over-production of this famous Jones County money crop.

Construction material made from cotton laminates may prove to be one answer to the shortage of building materials, the National Cotton Council reports. Strong as steel, the new board-like laminates are said to be ideally adapted to pre-fabricated housing structures.

Subject of experiment at the Council's research laboratories for almost two years, the laminate board may soon go into large commercial production to help solve the housing shortage.

The plastic laminate capitalizes on the strength of individual cotton fibers, which approaches that of tempered steel. The cotton fibers are combed out into parallel layers and impregnated with plastic resins. Subjected to tremendous heat and pressure, the impregnated cotton emerges as a solid board-like substance.

Cotton chemists say in a special release to The Hamlin Herald that the new material is stronger than steel, weight for weight, and that it is lighter than aluminum. It can easily be given permanent color during the manufacturing process, and will not rust or corrode.

Of particular interest to the home builder is the fact that the laminates can be fused together by a process similar to welding. This process will result in considerable lowering of labor costs.

The Council has previously predicted that cotton laminates may find use in such varied items as airplane bodies, automobiles, refrigerators, wall board and other products where high strength and light weight are important factors.

Courage is on all hands considered as an essential of high character.—Froude.

MANY ADVANTAGES OF ARMY RE-ENTRY TO BE VOIDED SOON

Recent survey in and around Hamlin by Army personnel from the Abilene recruiting office reveals that many veterans who are contemplating re-entry into the service are not aware that July 1 will be too late if they want the financial advantages of war-time service.

Men who come in after this date will not longer get the dependency allotment for wives, children or parents that have been payable to soldiers' families during existence of the national emergency.

Interviews with other former members of the armed services revealed also that many men think the present law which allows re-entry in the new regular Army within 90 days of discharge in their discharge grade will continue indefinitely. An even more important fact is nullification of that provision which allows veterans discharged as long as one year ago to come back in grade if they hold critical specialists numbers. All of these provisions are by law void after July 1 of this year, The Herald is informed.

Recruiting personnel have also been advised by executive members of numerous major schools and universities that seriously overcrowded conditions are expected by these institutions this fall and in many cases where veterans are to receive preferences of entry, recent graduates of high schools will be denied entry for these reasons.

An additional reminder to these high school graduates which deserves some deliberation is the fact that those who do not enter the service before fall will forfeit the financial benefits which may amount to as much as $7,500.

A bee dies after losing its stinger.

The Herald is authorized to announce the following candidates for office in Fisher County, subject to action of the Democratic primary election on July 27, 1946:

For Sheriff
LEONARD G. BARNES

For Commissioner, Precinct No. 1:
W. H. (HOSS) BARTON

For Commissioner, Precinct No. 2:
E. C. WALDROP
D. I. (IKE) WEST

O. J. Ball Announces Candidacy for Office Jones County Sheriff

At the solicitation of friends, I take this method of informing the voters and other citizens of Jones County that I have decided to make the race for sheriff.

It is with a great deal of consideration as to the responsibility of one of the most important offices in the county that I make this decision. To those of you whom I have not had the pleasure of meeting, I believe the following brief sketch of my activities during my residence in the county will serve to acquaint you:

I came to Jones County from Gordon, Palo Pinto County, in 1919 and established my residence as a farmer near Corinth, north of Anson. Was married to Betty Beatrice Wadkins in December of the same year. Since that year Jones County has been my home continuously, with the exception of a few occasions when my work took me out of the state. In the county I have resided near Hawley and also near Lakota school. I also lived near Hamlin several years.

Much of my work has been in the oil industry, where I have had the responsibility of overseeing as many as 250 men at one time.

During the war I went to the east coast, where I was engaged in welding in the ship yards, and became an instructor in this work later. During that time my wife and children maintained the family residence in the county.

I am 48 years of age and am the father of five children, and, as stated in the foregoing, believe my experiences in life make me qualified for the office I seek.

During the time between now and the first primary July 27, I shall endeavor to meet as many voters as I possibly can, but to those with whom I do not have the opportunity to coming in contact, I sincerely invite to accept this in lieu of a personal solicitation for your vote and influence. I promise, if elected, to make every effort to be fair and impartial to all and do my best to carry out the duties of the office to the satisfaction of all.

At present I am engaged at work with the Great Lakes Carbon Corporation near Corinth, at the Hardy Pool. I have been with this concern for the past two and one-half years. Most of my life's work has been farming and in the oil industry.

Sincerely yours—O. J. Ball.

Our senses work at their highest efficiency during the second decade of life.

ELECTION BALLOT

(concluded from page one)

executive committee when the deadline fell Monday night week.

Fifteen candidates are seeking the governorship being vacated by Coke R. Stevenson. Stevenson, Dan Moody and Roy Sandeford filed for United States senatorship now held by Tom Connally.

Only two of the state office candidates have no opposition. L. A. Woods is not being opposed in his race for state superintendent, and J. E. Hickman of Austin is the only candidate for Place No. 3 on the state Supreme Court:

Candidates for state offices are as follows:

For U. S. Senate: Tom Connally of Marlin, Terrell Sledge of Kyle, Milburn Latham of Austin, A. B. (Cyclone) Davis of Dallas, Floyd E. Ryan of Houston, La Vergne Somerville of Dallas, Sam Houston of Pasadena, Coke R. Stevenson of Junction, Dan Moody of Austin and Roy Sandeford of Belton.

For Governor: Jerry Sadler of Longview, Caso March of Waco, John Lee Smith of Throckmorton, Beauford Jester of Corsicana, W. J. Minton of Sherman, Water Scott McNutt of Jefferson, William V. Brown of Texarkana, A. J. Burke of Odessa, Homer P. Rainey of Austin, Grover Sellers of Sulphur Springs, Charles B. Huchinson of Dallas, Reese Turner of Austin, Floyd Brinkley of Baytown, Joe L. Hill of Austin and C. R. Shaw of Houston.

For Lieutenant Governor: Joe Ed Winfree of Houston, Drew C. Nichols of Austin, Allen Shivers of Port Arthur, Larry Mills of Dallas, Boyce House of Fort Worth, and Turner Walker of Houston.

For Attorney General: Price Daniels of Liberty and Pat M. Neff Jr. of Houston.

For Land Commissioner: Bascom Giles of Austin adn Clarence H. Jones of Corpus Christi.

For Justice of the State Supreme Court: John H. Sharp of Austin and Charles T. Rowland of Fort Worth, Place No. 1; Graham Smedley and James B. Hubbard of Corpus Christi, Place No. 2; J. E. Hickman of Austin, Place No. 3.

For Justice of Court of Criminal Appeals: Tom L. Beauchamp of Austin, Jesse Owens of Vernon, Weaver Baker of Austin and Joseph Donnell Dickson of Baylor County.

For Railroad Commissioner: Olin Culberson of Austin, Mac L. Coker of Dallas, and Ike Lyons of Houston.

For State Comptroller: George H. Sheppard of Austin, Clifford E. Butler of Houston and Elmer Adams of Dallas.

For Commissioner of Agriculture: J. E. McDonald of Austin, W. R. Chambers of May, Benjamin E. Hill of Dallas and R. E. McDonald of Austin.

For State Treasurer: Jesse James of Austin and Clarence Williams of Austin.

For State Superintendent of Schools: L. A. Woods of Austin.

Roy C. Brown Submits Name as Candidate for County Commissioner

To the Voters of Precinct No. 1 of Jones County:

I am 43 years old and have lived in the county the past 25 years and at present farming.

In asking for the office of county commissioner I realize the responsibility of the office. I think the commissioner's office is one of the most important in the county. I have had 13 years' experience in building and maintenance of roads and bridges in Precinct No. 1.

I have worked for three different commissioners in the county. I think I am qualified to handle the office, and if elected will try to serve the people to the best of my ability.

Having announced late, I will try to see most everyone, but if I fail to do so, I earnestly solicit your vote and influence.

Thanking you in advance—Roy C. Brown.

The late Commodore Vanderbilt earned well over $100,000,000 after he was 70 years of age, by increasing the extent of his railroads from 120 to 10,000 miles.

CENTRAL HIDE & RENDERING COMPANY

● The terrible emptiness of not having enough to eat drove these children out early in the morning. They are hopefully waiting for food.

Millions of children are sick from hunger. Many will die before help can reach them. But you can help save many thousands of others. Their only hope is your generous help.

Will you GIVE that they may LIVE?

Yes, you've pledged to "Share a Meal Every Day" to help starving people. But the need for food is so desperate you're asked to do more—to give money to buy food, or give food in tin cans, and to give generously.

Where the food you give will go. Contributions of canned food will be distributed free in war-devastated countries on the basis of greatest need.

Why food must be in tin cans. Food in tin cans can be handled safely for distant shipment over difficult roads.

HERE'S WHAT YOU CAN DO!

1. GIVE MONEY. More food can be obtained for a given amount of money when it is bought centrally and in large quantities. Send cash, money order, or check to your local Emergency Food Collection Committee or to Lee Marshall, Executive Director, 100 Maiden Lane, New York 7, N. Y.

2. GIVE FOOD IN TIN CANS. Leave at any Emergency Food Collection depot.

Urge your church, club, or organization to participate!

One Year, in advance.....$2.00
Six Months, in advance.....$1.25

Entered at the Post Office at Hamlin, Texas, for transmission through the mails as Second Class Matter, according to an Act of Congress, March 3, 1879.

Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon being brought to the attention of the management.

WILL YOU GIVE THAT THEY MAY LIVE?

Early response to the call for funds in Hamlin's part in the Emergency Food Collection Campaign has not been general, local drive leaders state. Surely the result so far has not been because people feel no compunction of conscience when they fail to hear a cry of starving people. The Herald believes it is because we have not stopped to think.

Somewhere, halfway across the world, little children cry bitterly from hunger. Children cannot understand the why of hunger—they know only the gnawing pain, the piteous weakness. A heart-broken mother listens helplessly.

Their only hope—and the hope of millions like them—is that we Americans will not be complacent in a starving world—that you will share the abundance that is yours.

Have a definite part in the humanitarian campaign for funds to feed starving millions. Give today to the Emergency Food Collection!

CLEANER FIELDS MEAN BETTER YIELDS

Farms of the Hamlin area have been busy places during the past several weeks, as farmers have been planting row crops, weeding the fields and scratching for the young plants coming up. Pretty weather has permitted the average farmer to be a little further along with his crop work than for several years.

A good crop of weeds, brought on by early May rains, are being kept down fairly well. Improving labor conditions are helping the farmer to pick up a few more hoe hands than have been available during the war years. A few more tractors are available, too, as well as some much-needed cultivating machinery.

Farmers of the section seem determined to do their just share in producing their proportionate part of products for a needy and hungry world. Upped acreages are on every hand—but one of the contributing factors toward greater production is clean production land. Continuous and concerted war on weeds will pay off in increased production every time.

WHERE A LITTLE CAN MEAN A LOT

Hard work is no stranger to the farmer of the Hamlin area or elsewhere. He knows that what you get out of a job is based generally upon what you put into it. Most farmers, knowing the amount of effort it takes to have a successful farm, buy insurance against rain, hail or tornado damage to their buildings and their crops.

But the farmer, like the city resident, cannot protect himself or his family by any known means against a disease, infantile paralysis, which again is on the march in the United States.

However, while no means of prevention or cure of polio have been discovered, much can be done in the way of treatment, the National Foundation for Infantile Paralysis points out. Treatment of infantile paralysis is expensive. Should someone in your family be stricken, the cost of prolonged treatment might sweep away your life savings were it not for the fact millions of farmers and city dwellers voluntarily support the annual March of Dimes—sole source of National Foundation funds.

There is no insurance against polio; but there is assurance that no infantile paralysis victim need go without aid because of lack of funds That indeed proves a little can mean a lot.

NEW SCHOOL TO BE PRACTICAL STRUCTURE

Many of the ancient buildings of the world have withstood the elements of time through the years, but so great a per cent of them were not practical from a useage standpoint. American builders for decades have looked to good construction, and have the world's finest skyscrapers to show for their handiwork.

Trends of recent years have been toward practicableness from the angle of usefulness. Arrangement of rooms, equipment and proper utilization of light are given much consideration in modern construction—and rightly so. After all, a building's arrangement for practical purposes is most important. And that is where the projected elementary school building for Hamlin comes into its own.

Designed to be only one story high, the structure will be well arranged, spacious and practical for the purposes for which it is being erected. With frontage to the east, where most light can be utilized, class rooms are arranged for all outside windows. Every class room can be reached from inside-the-building doors during inclement weather, making movement of students easy and convenient. The U-shaped hallway will permit access to the cafeteria and auditorium, which will occupy the center and west portions of the building. The single-story plan permits maximum safety in case of fire or other emergencies.

WHAT CONTEMPORARIES ARE SAYING

TART RETORT

In one quarter where the United States rubs shoulders with Russia in the difficult adjustments of military occupation, there is no disposition to speak the language of diplomacy when plain speaking will fit. General Douglas MacArthur continues to demonstrate that his administration of the Japanese occupancy calls for no pussy-footing.

The tart reply of George Atcheson Jr., a MacArthur adviser, to the Soviet's General Kuzma Dereveyanko was to the point. Russia was put on direct notice, first that MacArthur will handle Japan as he thinks right second that there is more than suspicion of Russian motivation in localized efforts to create friction.

It is impossible to escape the impression that throughout the mutual dealing of the late Allies, the Soviet is determinel to play a major role. To achieve it, no possibilities remain unexplored by the ingenious Russans. At this game the U. S. S. R. possesses a distinct advantage in the compact character of its political system. Army, diplomacy, business, alike can be co-ordinated in effort. Russia has a sound theory that, at any international table, possession is nine-tenths of the law and that a better case is made for ownership by the man who occupies the premises than the one who does not.

General MacArthur has given clear proof that he knows how to deal with the Japs. It becomes increasingly evident that he knows how to deal with the Russians, too.—The Dallas Morning News.

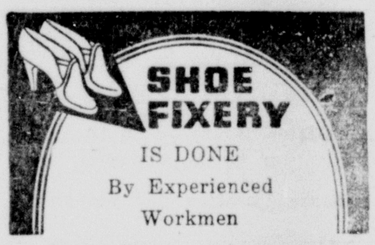

ENERGY HARNESSER

Atomic energy harnesser for the atomic bomb tests soon to be staged is Major General Leslie R. Groves, above, who heads the Manhattan Engineer District which will furnish the bomb, much of the testing material and instruments for the coming Bikini test. Under Major General Groves' direction the Hiroshima and Nagasaki bombs were produced.

Knows More Ways to Use Them.

"Man knows more ways of using cotton and cottonseed than ever before in the history of the world."—A. L. Ward, National Cottonseed Products Association.

COTTON AT TOP IN MONEY CROP VALUE OF FARM PRODUCE

Hamlin area farmers averaged income of more than $22 per acre for the season closed early this year, according to estimates made by farm observers. This was less than the country's average for cotton production, but, because of lower production costs and lower land prices, probably the net income was greater than in most other sections.

Cotton's productive capacity in value per acre is greater than any of the nation's four other major crops, which together occupy 80 per cent of all cultivated land, the National Cotton Council disclosed this week in a special release to The Herald.

Ten-year average production figures show that cotton and cottonseed produced an average value per acre of $29.97. This compares with $14.79 for corn; $10.32 for wheat; $10.77 for all hay; and $8.65 for oats.

Tennessee led all other states during 1945 in the value of cotton and cottonseed per acre with an average return of $103.94. Mississippi was second with an average cotton yield of $101.49 per acre, and North Carolina third with $100.63.

Methodist Bible School Enrolls 44 on First Day

Enrollment of 44 youngsters in the Vacation Bible School now underway at the First Methodist Church was reported Monday by directors of the school. Increasing attendance in the five-day schol was expected as the school progressed, it was announced by Rev. E. L. Yeats, pastor, Monday.

Classes in hand work, Bible stories and singing were being given for primary and junior children. Mrs. J. W. McCrary is director of the school, that will continue through Friday. Assisting Mrs. McCrary are Mrs. Brad Rowland, Mrs. Gordon Sprowles, Joan Culbertson, Jeannine Johnston, Lulan Vaughn, J. C. Blankenship and Mrs. D. O. Sauls.

Penguins can catch and swallow fish under water.

J. R. BUTLER DIES SUDDENLY ON WAY TO DOCTOR OFFICE

J. R. Butler, employee at Celotex board mill for several years, died Saturday at 12:00 noon while he was being brought to a Hamlin doctor following a heart attack. He was pronounced dead when he arrived at the doctor's office.

Mr. Butler was born August 3, 1901, in Hopkins County, Texas. He was married to the former Dora Ellen Terry of Globe, Arizona, on November 14, 1922, and moved to Hamlin in 1928.

Funeral services were held at 4:30 p. m. Sunday at the Calvary Baptist Church in Hamlin. Rev. J. W. Cundiff, pastor of the church, officiated.

Lawrence Funeral Home of Anson was in charge of arrangements, and interment was in Hamlin East Cemetery.

Pallbearers were brothers of the deceased—Ira, T. J., Willie, Clarence, Oliver and Melvin Butler, all of Hamlin. Flower bearers were Jaunez Buanscum, Viola Embrey, Jo Ann aFnnin and Agnes Fry.

Survivors are his wife; four sons, Lee, Wayne, Glen Olen and Albert Butler, all of Hamlin; his parents, Mr. and Mrs. Albert P. Butler of Hamlin; seven brothers, Ira, T. J., Willie, Clarence, Oliver and Melvin Butler of Hamlin and Alpha Butler of Graham; and two sisters, Mrs. Sadie Meeks of Hamlin and Mrs. Myrtle Beck of Maytown.

Cotton Burr May Prove Valuable Farm Income

From step-child of the cotton family to fair-haired lad—that will be the story of the cotton burr, if Cotton Chemist C. G. Rook of Lubbock has his way. And Hamlin area cotton farmers and others interested in the cotton industry are eyeing his experiments.

In his laboratories at Texas Technological College, Mr. Rook has used the burr as the major ingredient of a durable insulating board. In the manufacturing process the burr is treated to make the final product both fire and vermin-proof.

The burr is also being used by the chemist as a source of furfural, a chemical important in the manufacture of synthetic rubber. Mr. Rook declares that the cotton burr, now left in the fields at the end of the harvest period, can be converted into a source of $10,000,000 to $12,000,000 in added income to the cotton farmer each year.

More Than Average Cow.

"A bale or more cotton per acre is the expected yield of many growers—and oil from the cottonseed produced with that bale makes 202 pounds of wholesome butter equivalent in margarine. That is more than the butter the average South Carolina cow produces in a year."—J. M. Eleazer, South Carolina Extension Specialist.

Sharing a party-line telephone!

If you're sharing a telephone party line, you're helping someone else here have telephone service now. Otherwise he'd likely be waiting his turn for service.

Party-line service is one way of stretching the telephone system here—to serve as many people as possible now instead of asking some to wait until we've had time to put in the wires and cables and switching equipment needed to serve everybody who is waiting.

It's a big job—catching up with four years of backed-up demand. But we're hard at it. As soon as possible, we'll bring service to everybody who is waiting for it. And, after that, we expect to be able to furnish one-family telephone service to those who want it.

"GOOD NEIGHBOR" SUGGESTIONS for party-liners

Before calling, please listen to see whether the line is in use. If it is, hang up gently and try your call again a little later.

When talking, remember your party-line neighbor—he may want to make a call—so please be reasonably brief.

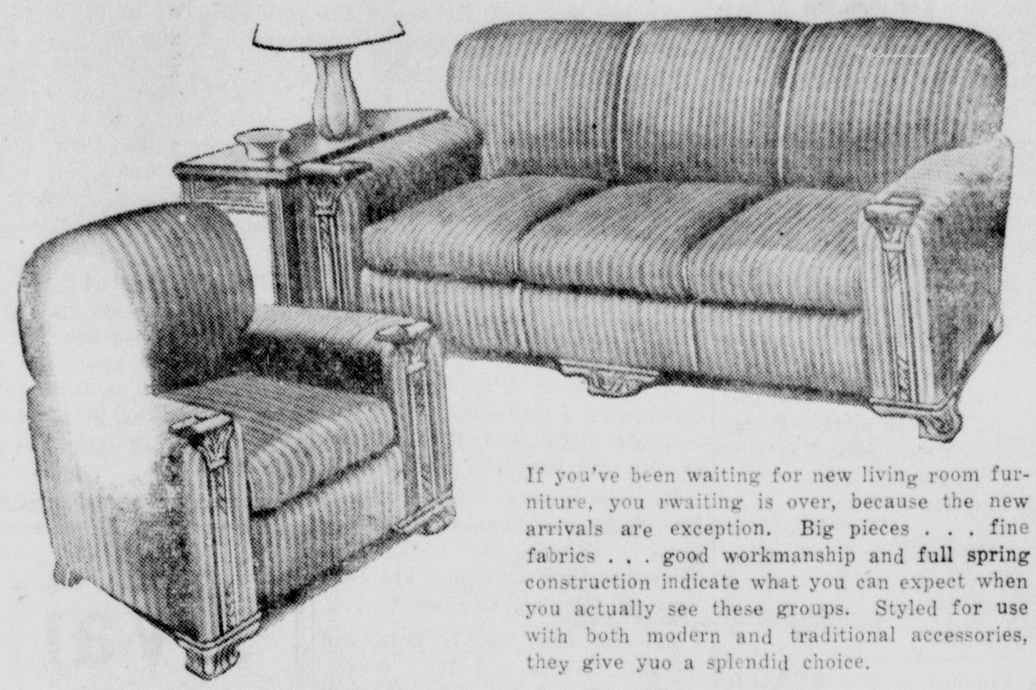

Between calls, try to allow a little time so the other people on the line may have the opportunity to use it.

Ask the children to follow these good neighbor suggestions, too.

Thanks a lot.

SOUTHWESTERN BELL TELEPHONE COMPANY

Here is the type of **FURNITURE** *Your Home Needs.*

OFFICIAL COUNT OF VOTE ON HOSPITAL SHOWS 36 MARGIN

Officials returns from the June 1 balloting on a proposed $200,000 bond issue for building a county-wide hospital and halth center at Anson, as canvassed by the Jones County Commissioners Court last week, revealed a two-vote variation from the unofficial count completed the night of the election.

Official count showed 1,496 votes against the bonds and 1,460 votes for the proposition, a difference of 36 votes. Unofficial tabulation showed a difference of 38 votes against the bonds.

Official returns by precincts were the same as the unofficial atoulation given in The Hamlin Herald two weeks ago with the following exceptions: Hawley voted 49 for instead of 59; East Hamlin voted 142 against instead of 144; Truby voted 29 for instead of the reported 32; and Stith voted 16 for and nine against instead of the reported 9 for and 16 against.

Haskell Preacher Slates Revival with Plasterco

Rev. W. T. Priddy, pastor of the East Side Baptist Church of Haskell, will do the preaching in a revival meeting at Plasterco Baptist Church beginning Friday, June 28, according to announcement by the members of the Plasterco congregation.

Services will be held at 8:00 o'clock each evening, to which the people of the community are invited. Revival will continue through Sunday, July 7.

Harley Sadler Oil Test Drilling at 2,200 Feet

Harley Sadler et al of Sweetwater was drilling below 2,200 feet on the J. Ubben tract in Southeast Fisher County this week in try for oil production on an 1,800-acre tract.

The test, located about eight miles southwest of Hamlin, is Sadler's first try for oil in this area. Operators are eyeing developments in the Sadler well.

NEWS NOTES FROM SYLVESTER

MRS. J. M. MONTGOMERY, Correspondent

Visiting Mrs. Bess Reynolds is her sister, Mabel Moon of Breckenridge.

Mr. and Mrs. Cameron Short and Eunell of Abilene, Mr. and Mrs. Ancil Hendricks of Roscoe and Mrs. Lawrence Brewer of McCaulley were week-end visitors in the home of Mr. and Mrs. E. L. Brewer.

Betty Jo King is spending several weeks at Rotan with her grandmother, Mrs. Goodrum.

Little Phyllis Ann Cribbs of Odessa has been visiting her grandparents, Rev. and Mrs. A. B. Armstrong.

There is good attendance at the Vacation Bible School at the Baptist Church. It is conducted for the white children in the mornings and for the colored children of the community at night. It will run through Friday, June 21.

Mr. and Mrs. Ross Douglas have as their guests Mr. Douglas' sister, Mrs. Grace Odell and baby son, Stanley, of Arkansas.

Mr. and Mrs. Willie Waldrop and Georgia of Longworth were Sylvester visitors Sunday.

Several carloads of wheat were loaded out the past week at Sylvester. Yields far exceeded expectations.

Mrs. H. B. Ward was in Sweetwater Thursday night and Friday.

J. Paul Turner and J. M. Montgomery were in Sweetwater Saturday attending to business.

Mr. and Mrs. H. R. Howard and Mary Frances of Tarzan and Faye Montgomery of Stanton spent the week here, and Mr. and Mrs. J. P. Montgomery returned with them Saturday for several weeks' visit. Mr. and Mrs. Montgomery are the parents of Mrs. Howard.

Sam Gilbert and Sammy Lee visited Mr. Gilbert's niece, Mrs. Wesley Waldrop, Saturday afternoon. Mr. Gilbert has moved back to Newman on the place formerly occupied by J. J. Watson and now belonging to Luke Huddleston of Sweetwater.

Mrs. Jack Stone and sons, Billy and Donnie, spent last week at Sweetwater with Mrs. Stone's mother, Mrs. LaRue. They returned Friday.

Mrs. A. D. Williams is still very ill in a Rotan hospital. Her son, Thurston Williams, and family of Monahans, have been here visiting her.

Mrs. Aubrey Hollis and sons, Johnny Melvin and Ronald Carrol, were Thursday night visitors in the J. M. Montgomery home.

Carolyn Beane is home with her parents, Mr. and Mrs. G. A. Beane. She attended school at Lubbock the past term.

Mr. and Mrs. Kenneth Dixon, Billy James and Cherry of Fort Worth spent the week-end with Mrs. Dixon's parents, Mr. and Mrs. W. L. Kelly. Billy James will spend the remainder of the summer here with his grandparents.

Dorothy Lee Beard spent the week-end here with her parents, Mr. and Mrs. Bob Beard.

Mr. and Mrs. Tom Bolin of Sweetwater were in Sylvester Sunday.

Word was received this week of the marriage of Rachel Kiser, daughter of Mr. and Mrs. Eugene Kiser, at Hot Springs, Arkansas, on June 15, where she is a nurse at a veterans' hospital.

Robert Montgomery is visiting his sister, Mrs. Raymond Clark, and Mr. Clark at their ranch home west of Mertzon.

Storekeeper Third Class Tom B. Jeffrey is home from the Navy, the first time in 18 months. He is the son of Mr. and Mrs. H. F. Jeffrey of Golan. He has his discharge after several months' service in the South Pacific. He was on the USS Pickaway. He was at Samar in the Philippines for some time. He has reenlisted in the Naval Reserve for four years.

Mr. and Mrs. W. O. Swindall and children have returned from a two-week trip.

Boy Scouts of Sylvester attended the court of honor at Roby Monday night and won the banner again.

Rev. and Mrs. A. B. Armstrong went to Odessa Monday.

Mrs. Vernon Tapp and son, Billy Jim, are visiting her mother, Mrs. M. M. Combest. Mr. Tapp is expected within a few days.

Mrs. Hugh Wood was in Sweetwater shopping Tuesday.

Mr. and Mrs. H. F. Jeffrey and Tom B. were in town Monday.

Visiting Mr. and Mrs. G. S. Barnes are their grandchildren, Nancy Ruth and Garland Lawlis of Levelland.

March First Governor Candidate to Visit Here

Caso March, one of the 15 candidates who have filed for the office of governor, was a visitor in Hamlin last week-end. He is the first gubernatorial candidate to "make" Hamlin this year.

March declared that with his visit to Jones County he had visited 247 of the 254 counties in the state during his campaign for governor.

Cresswell Trio To Be at Dovie Singing Sunday

Feature of the Sunday afternoon singing at Dovie school house will be appearance of the Cresswell Trio of Rotan, according to Joe Murff, community singing chairman. All members of the trio are under 12 years of age. They are talented musicians, and have appeared at numerous singings in the area.

Singing at Dovie will begin at 2:30 o'clock, Murff states, and all singers and song lovers are urged to attend.

DETAILS OF TEXAS COWBOY REUNION NEARLY COMPLETE

Final details are almost complete for the sixteenth annual showing of the Texas Cowboy Reunion at Stamford, according to A. M. G. (Swede) Swenson, chairman of rodeo events.

Selection of Bill Damron of Seymour completes the team of judges to be used this year. The success of a show often depends upon the men chosen as judges to see that all receive fair and impartial treatment. These men have been selected because of the fine record as men who know their work and whose integrity is unquestionable. Other judges are Foy Proctor of Midland, George Humphreys of Guthrie, W. B. Willingham of Rotan and Byrel Hittson of Breckenridge.

As announcer for the show officials have again called upon E. O. (Red) Wedgeworth, manager of the Pampa Chamber of Commerce, who handled the job last year. His assistant will be C. R. (Cow) Taylor.

Pick-up men in the arena will be Ab Smith of Spur and Floyd Freeman of Dumont, who are both well known in this area. Arena director will be John Selmon, who has been in charge of the arena every year since the beginning of the Texas Cowboy Reunion rodeo. John is foreman of SMS Flat Top Ranch north of Hamlin.

Time keepers will be "Gob" Fitzgerald, Leo Walker and Alton McClellan Jr.

Entries in the rodeo contests, including calf roping, bronc riding wild cow milking, cutting horse, steer riding, bareback bronc riding, old-time cowboys' calf roping and the special service and ex-service men's calf roping, are coming in from all parts of the state,

POT-SHOTS FROM McCAULLEY

BY GEO DARDEN

Mrs. Frank Jackson is doing fine after a major operation in an Abilene hospital last week, and is expected home within the next few days.

Thanks to Mrs. Tom Price for a year's subscription to The Hamlin Herald.

Mr. and Mrs. Ray Forbes, who in recent months have made their home in Dallas, moved back to McCaulley last week.

Mr. and Mrs. Walter Forbes moved to Roby last week. He has been employed at a service station in that city.

Velma Lou Boyd has accepted a position as teacher in the Coleman schools. Miss Boyd graduated from Abilene Christian College this year.

Mr. and Mrs. Ed Reynolds and children from Big Spring spent last week in the home of Mr. and Mrs. Frank Jackson.

Mrs. J. A. Jackson will leave on Thursday of this week for a visit with a cousin in Dallas.

Mr. and Mrs. S. E. Miers and son, Howard, visited in the homes of Mr. and Mrs. Clyde Hodnett and Mr. and Mrs. F. W. Poe at Neinda last Sunday.

The younger set of the community enjoyed a party in the home of Mr. and Mrs. E. M. Hicks last Friday night.

Dry weather continues in these parts, and crops will suffer if no rain comes soon.

Building of the road between McCaulley and Hamlin continues to progress, and with weather permitting, it should not be many weeks before the citizens can get to and from Jones County without risking their necks.

Mr. and Mrs. Jack Farrow have purchased a farm from her father, J. D. Maberry, and are erecting a new home on the place.

Due to the fact that we didn't get around much this week the local news is cut short. Will thank you to send by mail your local news for this column in case we fail to see you.

Comment No. 1—We see where the House and Senate have passed the $3,000,000,000 loan bill to Great Britain. And without sufficient collateral. It seems that we have had plenty of experience in the past with loans to England. They are poor pay. If we must pay other nations for friendships, then we had better cease to be friends. Uncle Sam has been considered by other nations as a big, free-hearted sap, and all they seem to have to do to get a loan is to insinuate they will get mad in case their loan is not granted. This government should do business on the same basis as is practiced by banks and loan companies toward private enterprise in this country. It's a darn shame when a poor farmer has to mortgage everything, including his wife and children, to get a hundred dollar loan to buy "beans and taters" when our own government throws our money to the four winds of the earth in order to appease a foreign government. The three billion dollar loan to Britain is poor business in our opinion.

Comment No. 2—OPA is about to be cast to the wolves of industry. Congress, through ignorance or pressure from the big boys, has about decided to turn inflation loose on the people and drag this country into the worst depression ever known to man. Housewives will soon pay $1.50 per pound for beef steaks, cotton choppers will have to have $1 per hour to live, clothes will advance to unheard-of prices and the man caught without an enormous bank account will land right back on the WPA or stand in soup lines all over the nation. Never before in history of this nation has an organization done more for the people than that of the OPA. Pressure groups and lobbyists for industry in Washington finally brought about such propoganda that even some of the workers were led to believe that OPA was detrimental to the welfare of our people. By killing OPA inflation is sure to come—and may the Lord have mercy on the people of the United States.—A Darden-O-Gram.

HELEN YEATS TALKS TO LIONS ON EARLY MEXICO HISTORY

Helen Yeats, daughter of Rev. and Mrs. E. L. Yeats of Hamlin, was speaker at the Hamlin Lions Club luncheon Tuesday at noon at the Morgan Hotel. She talked on the background of the civilization of Old Mexico.

Miss Yeats, member of the Spanish teaching faculty at Stephens College, Columbia, Missouri, has been a student for several months in Old Mexico, and gave first-hand information about present conditions existing in our southern neighbor as well as recounting the early settlement of the land.

"Mexico has lost about two-thirds of her original holdings on the American continent she held 300 years ago," Miss Yeats recounted. She stated educational advantages were being improved, and that the graft in politics and business of the early days of Spanish exploitation are being gradually overcome.

"Mexico is now taking an active part in world affairs and in peace conferences that prove she will be a nation of the future," the lady stated.

Following words by C. C. Bailey, Hamlin community chairman of the Emergency Food Collection campaign, and Joe Culbertson, Lions donated $245 to the fund.

Club guests were Joe Nelson, Arnold Braun, Rev. E. L. Yeats, Bob Wiar of Oklahoma, William Carter of Columbia, Missouri, Billy Joe Murphy, and Roger Q. Garrett of Anson.

Lehmaw Richardson on Way Home from Pacific

Corporal Lehmaw Richardson, son of Mr. and Mrs. David W. Richardson of Hamlin, is now en route to the United States from the Rplacement Command Disposition Center near Manila, Philippine Islands, for his discharge from the Army under current readjustment regulations.

Entering the Army in April, 1944, Corporal Richardson arrived overseas in the Philippines last September to serve with the 4608th Quartermaster Truck Company. For his Army service he is authorized to wear the Asiatic-Pacific Theater Ribbon, American Theater Ribbon, Good Conduct Medal Ribbon and the World War II Victory Medal Ribbon.

Millions of children are sick from hunger. Many will die before help from America can reach them. But you *can* help save thousands of others.

Yes, you've pledged to "Share a Meal Every Day" to help starving people. But the need for all foods is so desperate you're asked to do more.

WILL YOU GIVE THAT THEY MAY LIVE?

Here's what you can do!

1. GIVE MONEY. More food can be obtained for a given amount of money when it is bought centrally and in large quantities. Send cash, money order, or check to your local Emergency Food Collection Committee or to Lee Marshall, Executive Director, 100 Maiden Lane, New York 7, N. Y.

2. GIVE FOOD IN TIN CANS. Leave at any Emergency Food Collection depot.

Urge your church, club, or organization to participate!
